To Whom It May Concern:

11<sup>th</sup> January 2007

Mr. Ioannis Tsevdos graduated from MSc Internet Applications Development, London Metropolitan University in November 2006 with a distinction.

I am the course organizer of this course, and I also teach Ioannis in three modules of this course. They are Web design and Usability, E-commerce, Mobile and evolving services. Ioannis achieved a distinction for each of these three modules. He has demonstrated strong technical skills in these modules. These include (X)HTML, XML and its related technologies (including RSS, XSL, XSLT, WAP, SMIL, SVG), CSS, PHP, Relational Database Management Systems, MySQL, Web Services (SOAP, WSDL, XML, APIs), JavaScript and DOM-based scripting, Macromedia Dreamweaver, etc.

What's more, Ioannis is a very creative in designing multimedia applications, which stands out in the class. He also shows excellent project management skills, excellent interpersonal skills and his ability to be an active and effective team player.

I would recommend Mr. Ioannis Tsevdos to any company or organization that need his skills.

Dr. Yanguo Jing (BSc, MSc, PhD, MBCS, MACM, MIEEE)

Senior Lecturer in Computing & Multimedia  
Course Organizer for MSc Internet Applications Development
